" From the Rustic World of Straw Bale Sofas, Craft Ales, Steaming Coffee and generally loving the Planet, Whitchurch's Wild Party returns this Autumn. With Afro beat DJ's, to the Jangle of Morris Bell, or another Full on "Pookas Polka" your mad 'FREE' Autumn Family Festival is building up for a Party. We're seeking out Musicians from Folk to World and beyond, Poets, Performers, inspiring Yoga Teachers to Dancers and Djembe Drummers -We celebrate Whitchurch's Home grown talent performing shoulder to shoulder with Professional Artists. Let's make Positive Difference".

We can't achieve it without You!....

Like so many events we don't have a fortune to offer Artists. What we can't give in pennies we'll always give in care and value with 5 covered Stages plus professional back up Stage managed Sound systems, Being Green what Coldplay did at Glasto 21' we already do. For 2024 we welcome back the Pedal Powered Stage.

Add to this 'The Buskers Bash' and 'Jam Busters competitions where two of our Performers (no matter who you are) stand the chance of winning £100.00 on the day and you know we care about our Artists.
